## OASSN Fall SUMMIT

September 26, 2019

### After the Adrenaline...

As we think of active assailants, large fires, and other major incidents, it is tempting to think of the event “ending” when the shooting stops or the flames are extinguished. In many cases, however, this activity is just the beginning of the total event timeline as recovery efforts commence and the district tries to transition to a “new norm.”

The OASSN 2019 Fall Summit will focus on these recovery issues including student/parent reunification, victim support, grieving, and other efforts. Please save the date for this important component of school safety and security planning.

Location: Ottawa County Fillmore Administration Building,  
12220 Fillmore St. #310, West Olive, MI 49460

**You may RSVP at [OASSN.org](http://OASSN.org)**
